

ILLINOIS STATE POLICE INTERNSHIP PROGRAM GUIDELINES

All students considered for the Illinois State Police (ISP) Internship Program must be in good academic standing with their respective college or university. Students interested in an unpaid internship must have the College Internship Coordinator write a letter of introduction which must include at least three preferred work locations to serve the internship, the exact time frame and number of hours the intern wishes to serve each week, and the number of credits the student expects to earn. Interns must be willing to work a minimum of 25 hours per week and must earn college credit while participating in the program. All applicants are required to successfully pass a background investigation. Students serving an internship within an ISP Forensic Science Laboratory are also required to successfully pass a polygraph examination.

In order to be considered for the Illinois State Police Internship Program, the following must be completed and submitted:

- A sealed letter of introduction from the college Intern Coordinator or Department Chair;
- A letter from the student indicating why they want to intern with the ISP;
- An Illinois State Police Internship Application;
- An Illinois State Police Authorization for Release of Personal Information;
- An updated resume and employment history;
- Three personal references to include primary and alternate telephone numbers and current addresses;
- Two current passport-sized pictures;
- An insurance liability waiver;
- An Authorization Form for Employment Credit Report; and,
- A Disclosure Statement for Employment Credit Report.

**** Please ensure all boxes above have been checked prior to submission.***

It is the responsibility of the student to advise the Recruitment Unit of any change of address, telephone number, or withdrawal from the program at any time during the semester. The deadlines for submitting intern applications are as follows:

- Spring Semester September 30
- Summer Semester January 31
- Fall Semester April 30

If the application packet is not complete or received in the Recruitment Unit by the deadline, it may prevent the student from being considered for an internship.

After applications are received, students are tentatively placed pending a thorough background investigation which may occasionally be delayed. Students should remain in contact with the College Intern Coordinator and should not report to the proposed work site until receiving confirmation from the Illinois State Police. Please call the Recruitment Section at 217/785-4370 if you have any questions or need additional information. The Illinois State Police is an Equal Opportunity Employer.

The completed internship application should be sent to the following address:
